Mounting and Installation

mounting bracket

4x #6-32 screws   4X lock washers

Mount included bracket to the front of a standard two-gang electrical backbox (preferred), using (4) included #6-32 screws and lock washers.

If mounting bracket to a solid surface rather than to an electrical backbox, use the appropriate bolts and anchors for that surface.
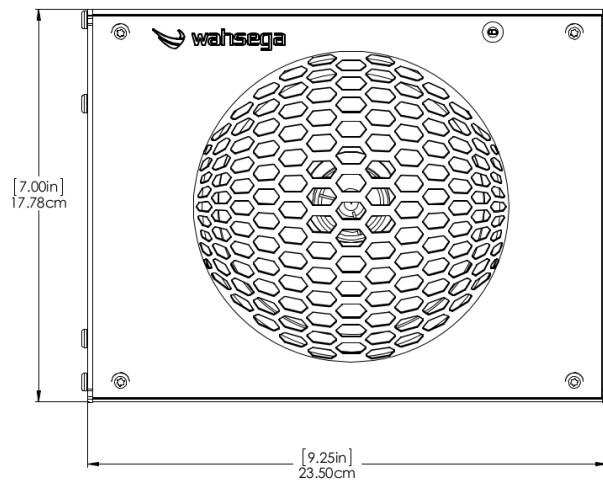

Attach speaker to bracket using included (8) #8-32 screws and washers.

Cable access is available through rear opening or side panel knockout.
