

Carina IP Panic Button with Mic

Model No: WL-PBM-CAR-W-R

Description

With its low profile, the Carina IP Panic button with Microphone can be installed under a desk or other discrete location. Users can place an emergency SIP call to a preconfigured phone number, and the answering party can listen in to assess the situation. The Carina IP Panic Button has an integrated microphone for high quality SIP audio and an on-board relay which can trigger security devices such as a camera or a door lock. This device does not include a speaker.

Key Features

- SIP compliant
- Peer-to-peer SIP capable
- PoE 802.3af enabled (Power-over-Ethernet)
- Environmental noise suppression
- On-board relay
- Advanced button press functionality
- Fully configurable via Wahsega Carina Event Manager
- Web-based volume control
- LED indicator light
